

LÓPEZ- NUSSA

LA FAMILIA

At the heart of contemporary Cuban music, few families embody transmission, evolution, and identity as powerfully as the López-Nussa.

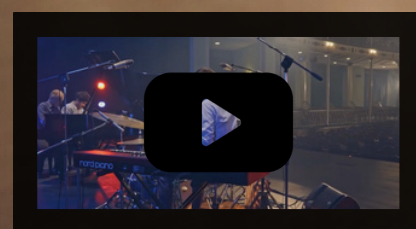

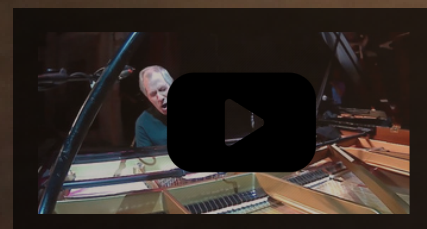

More than a concert, “La Familia” is a generational encounter where tradition is reinvented in real time.

On stage: two brothers —father and uncle— and the next generation, also brothers.

Four internationally acclaimed artists shaping Cuban jazz across generations.

“La Familia” is not just a group: it is a living story you can hear.
