New York-based soul singer and songwriter Morgan James is set to release her boldest project yet: *Soul Remains the Same*—a soul revival tour through the heavy rock and metal anthems of the '80s and '90s. From Black Sabbath to Soundgarden to Guns N' Roses, James reimagines iconic songs with rich horn arrangements, a powerhouse band, and her unmistakable vocals. Produced and arranged with her husband and longtime collaborator Doug Wamble, the album is at once sexy, soaring, and emotionally raw.

A Juilliard-trained vocalist and Broadway actress with 12 albums under her belt, James has amassed over 300 million YouTube views and built a devoted global fanbase through relentless touring and genre-bending ambition. Known for her fearless covers and original work alike, she delivers every performance with authenticity and soul. With *Soul Remains the Same*, she invites listeners to rediscover the classics—through her voice, and through a whole new lens.
